### **DETAILED ACTION**

1. The claim of the priority dated filed has been received, considered and placed of record.

2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claim is the inclusion of a circulator into a contamination control apparatus having a pH control device that adjusts the pH of the water provided to the sprayer and an organic matter removing device that removes organic matter from the water provided to the sprayer. This feature combined with other claimed elements are not taught in prior art.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
